COMPLETE FIRST DRAFT – July 2003

This study was supported by the Commonwealth Secretariat to whom we are most grateful. We also thank Anna Yartseva who did most of the electronic data preparation, Mohammad Razzaque and Elroy Turner who co-ordinated the initial data collection, and to Roman Grynberg, for comment on an earlier draft. Thanks are also due to Reto Speck who provided excellent logistical support. Naturally the views expressed are the authors' alone and may not be shared by their employers or sponsors.
